

Association for Lac des Îles' Environment

A.L.I.E.

(since 1995)

As resident or cottage owner at lac des Îles, I commit to:

- maintain my septic bed and empty my septic tank;
- **use only phosphate-free soap** for the dishes, clothes and in the shower;
- revitalize my shoreline (plant shrubs) if it is treeless; never cut trees within 15 meters of the shore;
- never wash in the lake because all soaps are harmful;
- never feed the ducks, the geese or the seagulls;
- always wash my boat especially if I have been on another lake;
- reduce my speed (10km/h), within 30 meters of the shore;
- respect boaters, swimmers and my neighbours;
- pay my membership and support the A.L.I.E.

**For future generations,
I take good care of my lake!**
